

Quick Reference — HR Officer

Employees, leave, attendance and documents — the daily HR rhythm.

Employee register

- Single source of truth: grade, salary, bank, NASSIT, department.
- Search instantly; Add Employee guides you through required statutory fields.

Leave

- Requests arrive with balances and overlapping-absence context.
- Approve/reject with a comment; the decision is logged and the employee notified.

Attendance

- Daily clock-ins, absences and timesheet totals feeding payroll.
- Corrections allowed and audit logged — finish them BEFORE the payroll run.

Document vault

- Contracts, IDs, letters — uploaded once, stored securely, tenant-scoped.
- Use search + category filters to retrieve anything in seconds.

Golden rule

- Clean data today prevents payroll disputes tomorrow.
