

Quick Reference — Administrator

Users, capability flags, settings, branches and the audit trail.

Users & access

- Invite by email; the invitee sets their password via the link.
- Reset passwords, delete leavers, and search accounts from one screen.

Capability flags (banknote icon)

- Finance Officer — reviews and approves payroll vouchers.
- MoF Approver — signs payroll runs and authorizes voucher payments.
- Separation of duties is automatic: creator ≠ approver ≠ authorizer.

Branches & offices (Vouchers → Branches tab)

- One code per branch; optional ministry link; assign a supervisor per branch.
- Assign employees to branches — auto voucher generation groups by branch.

Settings

- Organisation profile, plan tier, SMS/email integrations, 2FA policy, transparency portal.
- Superadmin only: multi-sig MoF threshold (1–5 signatures) on the Payroll page.

Audit log

- Every approval, change and payment authorisation — searchable, permanent.
